

PARKING AREA REVIEW & WINTER PARKING PERMIT APPLICATION

Many property owners will be affected by the Neighborhood Parking Initiative to begin Summer 2008. This application is intended to assist you in managing the relocation of parking.

Applicant Name: _____ Date: _____

Property Address: _____ Neighborhood: _____

Phone Number: _____ E-mail: _____

Mailing Address: _____

Current # of Living Units: _____ Current # of Parking Stalls _____

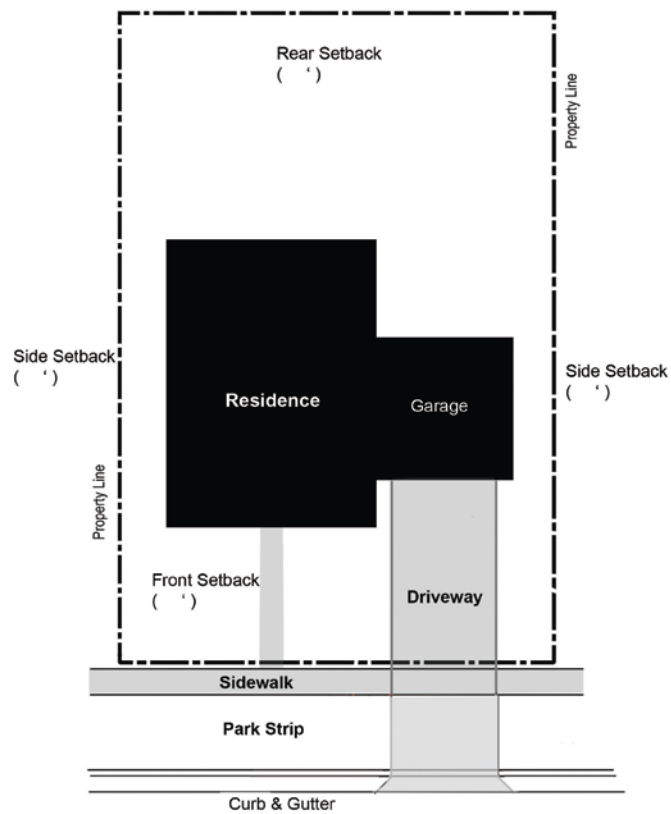

Current number of Legal Stalls on Property: _____

When the City removes parking from your parkstrip, the City will restore with new sod; will you maintain the grass? _____

_____ Applicant acknowledges that any Parking Permit(s) issued by The City are non-refundable (Initial)

SITE PLAN: Submit a site plan that includes the following information. Community Development staff will assist you in getting an air photo of your property, to scale, to use as a reference (a sample site plan is at right)

- All site plans must be neatly and legibly drawn to scale, adequate to show detail.
- Dimensions of the buildings on the site plan and elevations.
- Perimeter property lines with dimensions and radii of curves.
- Building setback lines as dictated by the Land Development Code. Show specific distances from the property lines and between major features (i.e., buildings, drives).
- Location of fire access and turnarounds for emergency vehicles
- Existing and proposed streets and road right-of-ways
- Parking lot design and dimensions
Location and dimension of driveway access to City streets.
