FRONT LOAD RENTAL TERMS AND CONDITIONS

WEEKLY RENTAL FEES:

- \$10.00 per week for a standard 4 yard front load dumpster
- \$11.00 per week for a 4 yard front load dumpster with wheels and/or a locking bar

DISPOSAL FEES:

- \$21.60 each time a 4 yard dumpster is emptied

SPECIAL HANDLING FEE:

- If dumpsters are contaminated, overfilled, overstuffed, overweight, and/or require any sorting and/or special handling, an additional \$17.50 may be charged.
- Containers damaged by customers will be billed at a rate of \$55.00 per hour for necessary repairs.
- If a dumpster is placed in an area that is NOT accessible to regular front load collection trucks, a dumpster pull-out service is available for an additional \$20.00 fee each time the dumpster is emptied.

PLACEMENT GUIDELINES: Dumpsters can not be placed in locations where there are overhead obstructions such as wires and tree limbs. The collection truck must have a straight on approach to empty the bin. Dumpsters will NOT be emptied if vehicles are parked within 4 feet of the container. **THE CITY IS NOT LIABLE FOR DAMAGES DONE TO ITEMS THAT ARE STORED ON OR AROUND THE DUMPSTER. PLEASE NOTE: YOU MUST SIGN THE RELEASE OF LIABILITY BEFORE WE WILL EITHER PLACE A DUMPSTER ON AND/OR DRIVE OUR VEHICLES ON YOUR LAWN OR ASPHALT/CEMENT DRIVEWAY.**

DUMPSTER ACCESSIBILITY: When a customer requests an empty or removal of a dumpster, it is the customer's responsibility to ensure that the dumpster is accessible with unobstructed access in front and 4' on either side. If service is requested and vehicles, debris, snow, and/or other obstructions preclude us from performing the scheduled service, service delay and/or extra service fees may apply.

DO NOT PLACE REFRIGERATORS, AIR CONDITIONING UNITS, ITEMS CONTAINING A REFRIGERANT (SUCH AS FREON), OR TIRES IN FRONT LOAD DUMPSTERS. THESE ITEMS REQUIRE SPECIAL HANDLING AND HAVE ADDITIONAL DISPOSAL FEES. These items cannot be mixed with general refuse in a truck; they MUST be delivered to the landfill separately.

DO NOT DISPOSE OF THE FOLLOWING ITEMS IN THE DUMPSTER: Toxic/hazardous wastes such as paint, oil, batteries, chemicals, TVs, computer monitors, computer parts, insecticides, herbicides, pesticides, cleaning supplies, propane tanks, asbestos, tires, or appliances containing refrigerant without a certified refrigerant removal tag. These items are designated as hazardous waste and have special handling requirements. If your rental dumpster contains these items, the special handling fee and additional charges may be assessed. Please call our office if you have questions about what can be placed in the dumpster or for questions about the proper disposal of hazardous waste.

ALL DUMPSTERS ARE EMPTIED AND/OR REMOVED ON A NEXT BUSINESS DAY BASIS UNLESS OTHERWISE NOTED.** Requests made on Fridays will be serviced on Monday. **You must call** during business hours to schedule an empty or removal of a dumpster. **Our business hours are Monday through Friday, 8 am to 5 pm (closed for major holidays).** Special weekend empties are available for an additional fee of \$50.00. Driver working hours are 4:00 a.m. to 12:00 noon. **Dumpsters will not be removed until we receive a call from the customer informing us they are finished;** however, we reserve the right to remove a dumpster for any reason.

****WE HAVE A LIMITED COLLECTION SCHEDULE FOR THE FOLLOWING COMMUNITIES: AMALGA, BENSON, CLARKSTON, CORNISH, COVE, LEWISTON, NEWTON, & TRENTON.** If you live in these areas and think you will need frequent empties, you may want to consider our roll-off container. **Please keep this in mind as you call for empties and/or plan your project.**

DO NOT OVERFILL THE DUMPSTERS. A dumpster is considered full when the waste materials are level with the lip of the dumpster and the lids will fully close. Overfilled dumpsters cause spillage and pose a hazard to our drivers and collection equipment. Garbage found on the ground will not be collected. All excess material must be removed by the customer before the dumpster will be emptied. If our staff must handle excess garbage, a special handling fee of \$17.50 will be charged.

DO NOT MOVE THE DUMPSTERS. We will do our best to place the dumpster according to your placement instructions; however, once we have placed the dumpster you may not move it. Moving the dumpster without proper equipment may cause damage and we may not be able to reach the dumpster with our truck for safe collection and removal. You can arrange for alternate dumpster placement when you call for an empty as long as the dumpster remains at the same address/location. Moving the dumpster to an alternate address/location requires additional paperwork. **Dumpsters damaged by customers will be billed at a rate of \$55.00 per hour for necessary repairs.**

CONCRETE, DIRT, & ROOF GRAVEL ARE NOT ACCEPTABLE IN FRONT LOAD DUMPSTERS. These items are extremely heavy and can damage our collection trucks. If you need to dispose of concrete, dirt, and/or roof gravel, rent a roll-off dumpster or self-haul to the landfill.

ASPHALT & WOOD ROOFING SHINGLES REQUIRE SPECIAL HANDLING BECAUSE OF THE WEIGHT. The dumpster must not be loaded *more than ½ full for asphalt shingles and ¾ full for wood shingles.* Please make sure to spread debris evenly in the dumpster. If overloaded, *the customer is responsible to remove excess debris or spread the load evenly before we can empty it.*

I have read and agree to follow the Terms and Conditions.
