## ROLL-OFF RENTAL TERMS AND CONDITIONS

### GENERAL REFUSE/CONSTRUCTION AND DEMOLITION DEBRIS:

- \$123.75 hook fee. You pay this fee each time the container is hauled for an empty. **Plus:** A tonnage fee based on the type of refuse:
  - \$29.00 per ton for roll-off containers containing general refuse.
  - \$21.00 per ton for roll-off containers containing approved construction & demolition debris.

### RECYCLABLE ITEMS/GREEN WASTE/PALLETS:

- \$45.00 hook fee for recyclable items. You pay this fee each time the container is hauled for an empty.
- Recycling material will either not have a tonnage fee or will be assigned a special rate upon approval.
- Green Waste material does not have a tonnage fee.
- \$9.00 per ton for roll-off containers containing approved pallets.

### EXTRA FEES (YOU MUST NOTIFY US IF THESE ITEMS ARE INSIDE THE CONTAINER):

- Refrigerators that have not had refrigerant (such as Freon) removed will be charged a \$30.00 refrigerant removal fee.
- Tires are charged fees according to size (please place tires on top of your load).

### SPECIAL HANDLING FEE:

- If containers are contaminated, overfilled, overstuffing, overweight, and/or require any sorting and/or special handling, an additional \$17.50 per ton fee will be charged.
- Containers damaged by customers will be billed at a rate of \$55.00 per hour for necessary repairs.

**CONSTRUCTION DEBRIS** is bricks, concrete, clean soil, asphalt, rock, roofing shingles, root balls (tree stumps), building materials, sheet rock & demolition debris (see brochure for more details). Mixed loads containing contaminants (such as insulation, carpet, household garbage, etc) will be charged as general refuse.

**ALL CONTAINERS ARE EMPTIED AND/OR REMOVED ON A NEXT BUSINESS DAY BASIS.** Requests made on Fridays will be serviced on Monday. **You must call** during business hours to schedule an empty or removal of a container. **Our business hours are Monday through Friday, 8 am to 5 pm (closed for major holidays).** Special weekend empties are available for an additional fee of \$50.00. Driver working hours are 4:00 a.m. to 12:00 noon. **Containers will not be removed until we receive a call from the customer informing us they are finished;** however, we reserve the right to remove a container for any reason.

**DO NOT DISPOSE OF THE FOLLOWING ITEMS IN THE CONTAINER:** Toxic/hazardous wastes such as paint, oil, batteries, chemicals, TVs, computer monitors, computer parts, insecticides, herbicides, pesticides, cleaning supplies, propane tanks, asbestos, tires, or appliances containing a refrigerant (such as Freon) without a certified refrigerant removal tag. These items are designated as hazardous waste and have special handling requirements. If loads brought to the landfill are found to contain these items, special handling fees may be assessed. Please call our office if you have questions about items that can and cannot be put in the container or for questions about the proper disposal of hazardous waste.

**DO NOT OVERFILL THE CONTAINERS.** A container is considered full when the waste materials are level with the decal line on side of the container. If the container is overloaded, we cannot legally haul it until it is leveled off by the customer. A container is also considered overfull if materials are packed too tightly into the container. The weight of waste materials placed in the container may not exceed 8 ton. Heavy and/or overloaded containers pose serious safety concerns. If a container is found to exceed our legal weight limits, a special handling fee of an additional \$17.50 per ton may be charged to the customer.

**DUMPSTER ACCESSIBILITY:** When a customer requests an empty or removal of a dumpster, it is the customer's responsibility to ensure that the dumpster is accessible with unobstructed access in front and 4' on either side. If service is requested and vehicles, debris, snow, and/or other obstructions preclude us from performing the scheduled service, service delay and/or extra service fees may apply.

**DO NOT MOVE THE CONTAINERS.** We will do our best to place the container according to your placement instructions. Once we have placed the container do not move it. Moving the container without proper equipment causes wear and tear and we may not be able to reach the container with our truck for safe collection and removal. You can arrange for alternate container placement when you call for an empty as long as the container remains at the same address/location. Moving the container to an alternate address/location requires additional paperwork. **Containers damaged by customers will be billed at a rate of \$55.00 per hour for necessary repairs.**

**LIABILITY: THE CITY IS NOT LIABLE FOR DAMAGES DONE TO ITEMS THAT ARE STORED ON OR AROUND THE CONTAINER. PLEASE NOTE: YOU MUST SIGN THE RELEASE OF LIABILITY BEFORE WE WILL EITHER PLACE A CONTAINER ON AND/OR DRIVE OUR VEHICLES ON YOUR LAWN OR ASPHALT/CEMENT DRIVEWAY.**

**CONCRETE, DIRT, ROOF GRAVEL, ASPHALT & WOOD ROOFING SHINGLES REQUIRE SPECIAL HANDLING BECAUSE OF THE WEIGHT.** The container must not be loaded *any higher than 2 ½ feet deep for loads containing concrete, dirt, and/or roof gravel.* Loads containing **asphalt and wood roofing shingles must not be loaded any higher than 5 feet deep.** Please make sure to spread debris evenly over the bottom of the container. If overloaded, *the customer is responsible to remove excess debris or spread the load evenly before we can haul it.*

I have read and agree to follow the Terms and Conditions.
