

Environmental Department

Employee of the Month

October, 2010

Warren Hullinger

Warren has been with the City of Logan for the past 13 years. He began his career as a heavy

equipment operator assigned to the Landfill working at the face and also in the green waste facility and is currently the Solid Waste Crew Chief at the Landfill. Warren is very knowledgeable of the rules and regulations concerning the workings of the Landfill. He is very devoted to his job, to his coworkers and to the customers. Warren has always been a conscience, valued employee, always willing to take the time to help coworkers and customers in any way he can. His coworkers look to him as a leader who is genuinely interested and caring about them at individuals. Warren is a quiet, steady, positive influence to the whole department. His dedication and willingness to work hard as a supervisor are commendable and appreciated by all. Congratulations Warren.
