 ENVIRONMENTAL HEALTH DEPARTMENT  
 REQUEST FOR PROPOSALS  
 MARCH 10, 2017

**PROJECT: Transportation of Municipal Solid Waste (Garbage) from the Logan City Transfer Station to the North Valley Landfill**

**I. INTRODUCTION:**

The City of Logan operates a sanitary landfill located at 1400 West 200 North in Logan, which provides disposal of Municipal Solid Waste (MSW) for residents of Logan and Cache County. With the Logan Landfill nearing capacity and closure, the City of Logan has built a waste Transfer Station at the current landfill location and is developing a new landfill called the North Valley Landfill (NVL) approximately 25 miles to the north. Upon completion of the NVL in the Fall of 2017, all MSW that is collected at the transfer station, will be loaded and transported to the NVL for final disposal.

The Logan City Landfill disposed of 82,800 tons of MSW in 2016. The chart below shows the average, maximum, and minimum, daily MSW tonnage from 2013 -2015. Logan City garbage collection trucks operate Monday thru Friday; the average daily tonnage for weekdays is 290 tons. The landfill is open to the public on Saturdays; an average of 48 tons is collected on Saturdays.

Day	Average MSW [tons]	Max MSW [tons]	Min MSW [tons]
Monday	303	543	185
Tuesday	280	554	203
Wednesday	285	493	207
Thursday	291	516	214
Friday	291	567	193
Saturday	48	212	12

With the Transfer Station and the NVL in operation the above MSW tonnages will be typical of waste needed to be transferred daily to the NVL. The NVL hours of operation will be 8:00 AM to 5:00 PM Monday through Saturday; waste transfer will operate during the same hours. Collection truck routing changes may affect daily tonnage totals. Hours of operation may be subject to change in order to minimize cost to Logan City.

**II. SCOPE OF SERVICES:**

Provide municipal solid waste transportation and tipping services. An annual average of 80,000 tons is to be transported to the NVL, approximately 25 miles from the Logan City Transfer Station. The Transfer Station is located at 1400 West 200 North Logan UT, the North Valley Landfill (NVL) is located 5 miles north of Clarkston City.

Minimum Requirements:

1. Have sufficient staff, trucks, and trailers available to haul, on average, between 200 to 300 tons of waste per day (Monday through Saturday) effective September 1, 2017. One day per week the number of loads required may be reduced by collection trucks directly hauling to the NVL.
2. Pulling trucks, trailers and equipment under the Transfer Station floor and professionally communicating and working with Logan City staff in loading garbage into the trailers.
3. Trailers must be equipped with a tarp or other secure covering, that completely covers the trailer and must be secured tightly to prevent the loss of garbage during transportation.
4. Transporting and unloading the garbage at the NVL located 5 miles north of Clarkston. The preferred hauling route is shown on Exhibit A.
5. The Contractor will be required to provide walking floor type trailers or sufficient number of tippers to empty the trailers at the NVL.
6. The Contractor will be required to work all the hours and days the Transfer Station and NVL are open. Logan Environmental Department will provide an annual working schedule in December every year.
7. As an option the contractor may supply a yard dog for use at the Transfer Station.

### **III. TERMS:**

All proposals must be based on a per ton of waste transported to the NLV. The Contractor must also list the personnel and numbers and types of equipment proposed for use for the completion of the services stated above.

The selected Contractor is expected to agree to indemnify, save harmless and defend Logan City, its agents and employees, from all claims, damages, demands, actions, costs and charges, including reasonable attorney's fees arising out of or by reason of the Contractor's performance or failure to perform under the terms of the agreement.

Contractor, at its sole expense, shall purchase and keep in force the types and amounts of insurance as shown on Exhibit B.

The cost of obtaining any applicable Department of Transportation (DOT) or Department of Environmental Quality (DEQ) permits will be the responsibility of the Contractor.

- 34. PROCUREMENT ETHICS:** The Contractor understands that a person who is interested in any way in the sale of any supplies, services, construction, or insurance to the City of Logan is violating the law if the person gives or offers to give any compensation, gratuity, contribution, loan or reward, or any promise thereof to any person acting as a procurement officer on behalf of the City of Logan, or who in any official capacity participates in the procurement of such supplies, services, construction, or insurance, whether it is given for their own use or for the use or benefit of any other person or organization.
- 35. CONFLICT OF TERMS:** In order for any terms and conditions of the Contractor to apply to this Contract, they must be in writing and attached to this Contract. No other terms and conditions of the Contractor will apply to this Contract, including terms listed or referenced on a Contractor's website, terms listed in a Contractor quotation/sales order, etc.
- 36. ENTIRE CONTRACT:** This Contract including all attachments and documents incorporated hereunder, and the related City of Logan solicitation documents, if any, constitutes the entire Contract between the parties with respect to the subject matter, and supersedes any and all other prior and contemporaneous agreements and understandings between the parties, whether oral or written. The terms of this Contract shall supersede any additional or conflicting terms or provisions that may be set forth or printed on the Contractor's work plans, cost estimate forms, receiving tickets, invoices, or any other

related standard forms or documents of the Contractor that may subsequently be used to implement, record, or invoice services hereunder from time to time, even if such standard forms or documents have been signed or initialed by a representative of the City of Logan. The parties agree that the terms of this Contract shall prevail in any dispute between the terms of this Contract and the terms printed on any such standard forms or documents, and such standard forms or documents shall not be considered written amendments of this Contract.
