7	I love the rec facility but havn't gone back after about 6 times - the last time I went the janitor lady let 5 of her friends sneak in and they (3) bathed in the hot tub & (2) showered and never exercised. It felt like a public restroom/shower. I feel it needs to be monitored hourly of the doors secured better. I told someone but they didn't seem to care. I had to pay, I feel everyone should.	Nov 1, 2011 1:26 PM

26	Your aquatics facility, management and programs stink! So poorly run and thought out. And seriously, no bike lanes for most of the city--pathetic in a college town.	Oct 8, 2011 9:10 AM
27	I enjoy swimming laps in the evening at the Aquatic Center, but when I get there the staff are always scrambling to put in lane lines because their reservation ends at the same time lap swim begins. I feel this is not at the fault of the staff because they are always working as hard and as fast as they can. I think that if the time of the lap swim was to be moved to 15 minutes later or so then all of this would be reserved. I look forward to a solution to this issue so I can enjoy the amenities more thoroughly in the years to come.	Oct 7, 2011 10:34 AM
28	There is a problem at the Logan Aquatic Center. When I would take my niece to the pool, she would get an excessive amount of scrapes and cuts on her feet in the leisure pool. I feel that something needs to be done about this issue prior to the opening of the pool next season. We love to use this facility and look forward to returning without injury or incident.	Oct 7, 2011 10:06 AM
29	The services are about mediocre at the rec center. The weight equipment is out dated. The zoo is well-kept, but the variety of animals is lacking. The prices at the aquatic center are higher than any city pool I have been to while the options offered are the same or lower than other city pools I have patronized. It seemed the river walk trail was closed for a very long time this summer. I am not sure if it was necessary it may have been.	Oct 4, 2011 10:33 PM

66	Year round swimming pool!	Sep 29, 2011 11:31 PM
67	Too pricey! Sell the golf course to a private entity who will have a more vested interest in making money and not revamping a club house that only a select few use. Golf course is a money pit and pointless.	Sep 29, 2011 11:21 PM
68	The indoor tennis courts and hallway and stairs leading to the courts is consistently very dirty. Requests are made to clean it and the cleaning rarely happens.	Sep 29, 2011 11:11 PM

2. More exercise classes are needed at other times through the day and week.

74	I just recently moved here to teach at USU. I am amazed at how dog unfriendly this town is. More dog friendly parks would be appreciated.	Sep 24, 2011 11:59 AM
75	You don't let dogs in parks, and the REndevous dog park is really small. I would use the parks much more often if I could take my leashed dog in the park.	Sep 20, 2011 10:53 AM
76	Most big things, lie the zoo, pool, and rec center are all on one side of town--the opposite from where I live. I wish these things were more spread out throughout the city.	Sep 20, 2011 9:16 AM
77	The Zoo is neat, I love the idea. Wish it were expanded, had more info and programs available. My wife and I are happy with everything else.	Sep 18, 2011 9:58 PM
78	I was a part of the summer softball program for adults this past summer. I found some things difficult: 1. The leaders failed to make the schedule readily available. Perhaps a good idea would be to post the schedule to the website each week asap 2. Numbers aren't necessary. Several times I observed teams having to hurry and make a number on their shirt. It is softball. It is obvious who is who. If this is meant to prevent cheating, then why can the same number be used repeatedly? 3. Ten-run rules are unfair. The teams involved paid for their time. It isn't like we are going to react like children if we lose by 50 runs. We are adults. Every game should go an hour regardless of how many runs are scored.	Sep 15, 2011 3:15 PM
79	I think the money spend on the new golf course could have been better spent.	Sep 13, 2011 3:41 PM
80	Ongoing swimming lessons would be a great perk, as well as maybe a 'youth swimming league.' We'd be interested in a youth summer track program as well. When I've asked how swimming lessons are (from people who've attended the aquatic center lessons) and they say, "Well, they're so short in duration and breadth that we felt we could do more by just buying a punch pass and going to the pool a lot to teach our kids to swim."	Sep 13, 2011 8:26 AM
81	I'd like to see a city owned indoor swimming pool with year round lessons available. There aren't enough classes offerred in the summer.	Sep 13, 2011 6:45 AM
82	Dogs allowed in parks, with the requirement to clean up any fecal matter.. of course. But more parks specifically for dogs and dog activities.	Sep 13, 2011 2:59 AM
83	We would like to see a little league baseball program & a girls fast pitch softball program developed	Sep 8, 2011 12:00 PM
84	Overall, yes, but I did have one concern with the Summer Playground Program last year. My son came home with paint stains a few times. Very frustrating. I'm guessing they used craft paints that wash up when wet, but by the time my son got home, the paint had dried and left a stain. I pride myself on being able to remove most stains from my kids clothes, but this type of paint just does NOT come out once dry. Please plan art projects more carefully in the future or let parents know when a project will be done that requires older clothing.	Sep 7, 2011 10:07 AM
85	It would be nice to have more parks available that allow dogs. More and more	Sep 7, 2011 9:42 AM

Q1. If you checked YES on question number 3, proceed to question number 5. If you checked NO on question number 3, provide your suggestions on how the Logan Parks and Recreation Department services can be improved.

	are putting up "No dogs allowed" signs, and the few that still allow dogs are too far from my home for easy/regular access. I would be more likely to use them if I could take my dog along, even on a leash.	
86	We need more trails for walking and bike riding.	Sep 6, 2011 9:14 AM
87	have more trails	Sep 6, 2011 8:09 AM
88	I would really like a rec volleyball for teens	Sep 6, 2011 8:08 AM
89	Need more services for elderly and handicapped citizens in the areas of recreation, fitness, parks, trails	Sep 3, 2011 6:51 PM
90	not sure only thing I could think of is having there be less garbage near .	Sep 3, 2011 2:54 PM
91	First of all, I need to preface that I just moved to Logan in August, so I haven't had a chance to utilize all of the afore mentioned services. I have been to Pioneer Park for the farmers' market, but that is it. I am sure I will visit the Willow Park Zoo, the Logan Aquatic Center, etc. at some point. I am already looking forward to the movies in the park next summer. I would like to see a amphitheater built in one the parks comparable in size to the Ogden and Layton amphitheaters. I would love to see a concerts in the park series capable of supporting large performing groups, such as community symphonies, dance studios, popular perfroming groups, etc. I would also like to see some nice splash pads--not the lame one found in Providence. The children's play area in the aquatic center is lame. It basically consists of a mushroom waterfall. The play areas at the North Ogden and Roy Aquatic Centers are considerably better. Also, I would love to see an indoor aquatic center with an indoor play area comparable to the aquatic center in Herriman, Utah. It has lots of slides for kids and other equipment for them to play on.	Sep 1, 2011 10:40 PM
92	We would really appreciate more dog friendly parks.	Sep 1, 2011 8:13 AM
93	more trails & bike paths	Aug 30, 2011 6:37 PM
94	More trails, more bicycle/pedestrian infrastucture, more open space connected by trails Logan needs to complete the Boulevard Trail/Path by paving the dirt section adjacent to the one-way traffic. At this point the road has plenty of room for bicycles and pedestrians, so it just needs to be marked. At the intersection of Boulevard and 600 East there needs to be a sign that says "bicycles yeild to all traffic." Yeah, I know. I'm wasting my breath. Our city will always be too concervative, auto-centric, backwards thinking, sexist, racist, homophobic, and patriarchial to do anything like what I've described. Sorry for wasting your time and mine.	Aug 30, 2011 9:24 AM
95	I would like to see more cycling paths developed throughout Logan City and Cache Valley	Aug 30, 2011 8:53 AM
96	More trails like the Logan River trail...paved, but bikeable for kids.	Aug 30, 2011 8:27 AM
97	The youth sports need to have either a cap on the number of kids that can sign up or better organization because they are quite chaotic. As a part of that, age	Aug 30, 2011 8:04 AM

Q1. If you checked YES on question number 3, proceed to question number 5. If you checked NO on question number 3, provide your suggestions on how the Logan Parks and Recreation Department services can be improved.

limits that are enforced might help with the chaos.

98	There needs to be a better recreation center. There need to be more to do with children in the winter...like a a good family friendly indoor swimming pool.	Aug 29, 2011 8:19 AM
99	aquatic center should have later hours and should always have at least one lane roped off for people who want to swim. also more programs for adults to get athletic would be nice, like volley ball tennis teams and lessons.	Aug 28, 2011 9:49 AM
100	I love all you offer. I just wish you had more people there to help us and even personal trainers we could hire to show us how to use all of your great equipment. I just feel lost.	Aug 26, 2011 9:48 AM
101	We need more paved bike trails, separate from the roads cars use. We've got a nice, long valley, but to ride the length of it, cyclists are forced to share the road with cars. A nice paved trail, with some picnic facilities, would be WONDERFUL!	Aug 25, 2011 1:08 PM
102	We live in the Henry's Point Subdivision, west of Woodruff Elementary. There are no city parks in the near vicinity. We would like closer access to a park.	Aug 24, 2011 4:04 AM
103	Overall my answer is really yes, but I wanted a place to say I was sad that the fee waiver program changed this year to only allow 1 session of swimming instead of 2.	Aug 22, 2011 4:55 PM
104	restrooms facilities are almost always locked	Aug 22, 2011 12:54 PM
105	Mostly yes, however we like to use the Logan River Trail and parking was very neglected in the planning. It is unsafe pulling in and out of that little parking lot, and we have had to walk along the highway to get to the trail we like. Parking on Golf Course Road would have been nice for people living North of the trail. Now they have put curbing in and no parking(!!!!) what do they want us to do? It would have been nice to put the curbing into the course 12 ft and had diagonal parking available. The city owns the golf course land.	Aug 22, 2011 7:00 AM
106	I really wish there were a few more dog-friendly areas in some of the city parks, especially on the East side of town. The hiking and canyons here are phenominal, but require driving and therefore gas costs, pollution, and travel time. Plus they do not offer much socialization with other dogs and their owners. I do love Dry Canyon, and I'm sure people would volunteer for a cleanup day there once a year. There would probably be more compliance with poop scooping there if there was a garbage dumpster. The dog park by the zoo is ok, and I do like the small but fun Rendezvous park area, but these are about three miles each way from my house so I wish there was a closer option for me and my many dog-owning neighbors. I know Logan residents value their human families, but it is a little frustrating to walk by a dozen mostly empty parks then cross busy intersections to reach more dog-friendly areas.	Aug 20, 2011 11:46 PM
107	It's hard for anyone who has dogs to enjoy the city without leaving the dog home. When my family from Colorado visits, they always bring their dog and we can hardly go anywhere with them because dogs are never allowed anywhere.	Aug 19, 2011 10:12 PM

Q1. If you checked YES on question number 3, proceed to question number 5. If you checked NO on question number 3, provide your suggestions on how the Logan Parks and Recreation Department services can be improved.

108	Downsize - stop consuming so much tax revenue - I see too many people doing work that could be done by a tenth of the people who are assigned - pay standards (including benefits) should mirror those of the community (i.e. most public employees get better pay and benefits than the rest of us) - run like a business, not a free service, so that those who use facilities are the ones who pay for it, not everyone who is a resident of the community	Aug 19, 2011 10:38 AM
109	expanded off leash dog park with separate areas for large active breeds and small breeds	Aug 17, 2011 5:12 PM
110	Two issues: first, a lot of cigarette smokers at the skatepark go unpunished. Two, either make the park open to bikes OR enforce the rule of no bikes. Too many close calls have been occurring.	Aug 15, 2011 12:18 PM
111	Make them more like Salt Lake City's. Neighborhood parks for each neighborhood, and have a park like Liberty Park - pond, gazebo, child friendly play ground.	Aug 13, 2011 4:03 PM
112	The cost of the Logan Aquatic is too expensive for the local public pool. Other than that, yes, I am satisfied.	Aug 10, 2011 7:03 PM
113	Dog-permitted parks	Aug 10, 2011 2:10 PM
114	We've lived in other communities that provided services which we enjoyed more, such as free water parks for children and better-maintained parks. We also have had an easier time in other communities of finding what resources the city offers to residents. I didn't know of much of what Logan Parks & Rec offered until I did this survey, frankly.	Aug 8, 2011 4:54 PM
115	Overall, the parks are great, but I sure wish we were not spending money on the golf course, which only a select few can afford, and the zoo, which seems like a money sink.	Aug 3, 2011 3:13 PM
116	Sell the golf course and invest in either more park land or improving the present infrastructure.	Aug 3, 2011 12:38 PM
117	I would love to see Logan City turn the Temple Barn into a landscaped park and provide information on the history of the Barn and the Temple around the Barn. As a resident in the Temple area, I would like to see the Parks and Recreation Department get neighborhood input for keeping this gem in our community. Please do not allow the Barn to be commercialized.	Jul 28, 2011 8:47 AM
118	I came from Sacramento where there is an abundance of fenced dog parks. I was very disappointed that there aren't any such parks in Logan for my dogs to run. It would be nice to have a such park.	Jul 23, 2011 10:02 PM
119	more shady trails, continuation of the river walk trail to 10th west that we have been told over and over would be finished years ago	Jul 19, 2011 9:49 AM
