### **Re:** Logan Parks and Recreation Department Staff Receive Award

Two of Logan City's long-time staff members have joined the growing ranks of Certified Associate Parks and Recreation Professionals. They both have met the standards set forth by the National Certification Board. Congratulations to Mark Johnson and Shelley Compton from the Logan City Parks and Recreation Department.

Mark Johnson is currently the Recreation Manager for Logan City. Mark has worked in the park, recreation, and leisure services field for twenty years. He has been employed with the Logan City Parks and Recreation Department for eighteen of the years. During that time, Mark has held the position of Parks Department Crew Chief, Assistant Golf Course Superintendent, Golf Course Superintendent, and now Recreation Manager.

Shelley Compton is Logan's Community Recreation Center Supervisor; a position that she has held for the past nineteen years. Shelley supervises the Logan Recreation Center with all of the scheduling, staff, and Logan High School activities. She also is responsible for the Center's operating budget and classes held in the facility.

For more information concerning this or other programs offered by Logan Parks and Recreation Department call 716-9250 or visit us at [www.loganutah.org](http://www.loganutah.org).
