CITY OF LOGAN, UTAH
ORDINANCE NO. 15-17

AN ORDINANCE AMENDING TITLE 17 THE LAND DEVELOPMENT CODE OF LOGAN CITY, UTAH

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF LOGAN, STATE OF UTAH AS FOLLOWS:

SECTION 1: That certain map or maps entitled “Zoning Map of Logan City, Utah" is hereby amended and the following property is hereby zoned from Mixed Residential Low (MR-12) to Mixed Residential Medium (MR-20):

TIN#04-081-0016

The above parcels are also described as Exhibits A & B attached hereto.

SECTION 3: This ordinance shall become effective upon publication.

PASSED BY THE LOGAN MUNICIPAL COUNCIL, STATE OF UTAH, 15 THIS DAY OF September, 2015.

AYES: Davis, Simmonds, Ward

NAYS: Olsen, Reedham

ABSENT: None

ATTEST:
Teresa Harris, City Recorder

PRESENTATION TO MAYOR

The foregoing ordinance was presented by the Logan Municipal Council to the Mayor for approval or disapproval on the 15 day of September, 2015.

Jeannie Simmonds, Council Chair

MAYOR'S APPROVAL OR DISAPPROVAL

The foregoing ordinance is hereby denied this 15 day of September, 2015.

H. Craig Petersen, Mayor

MEMORANDUM TO MUNICIPAL COUNCIL

DATE: August 25, 2015
FROM: Russ Holley, Senior Planner
SUBJECT: Bridgerland Meadows Rezone

Summary of Planning Commission Proceedings
On Aug 13, 2015, the Planning Commission voted on a recommendation for denial to the Municipal to rezone 3.4 acres located in phase 4 of Bridgerland Meadows at approximately 1530 North 500 West from MR-12 to MR-20.

Planning Commissioners vote (5 - 1):

Motion to recommend denial:
Moved: Commissioner Sinclair  Seconded: Commissioner Price  Vote: 5-1

Project #15-038
Bridgerland Meadows Rezone
Located at 1530 North 500 West

REPORT SUMMARY...
Project Name: Bridgerland Meadows Rezone
Proponent/Owner: Don Barringer / Don Barringer
Project Address: 1530 North 500 West
Request: Rezone from Mixed Residential Low (MR-12) to Mixed Residential Medium (MR-20)
Type of Action: Legislative
Hearing Date: August 13, 2015
Submitted By: Russ Holley, Senior Planner

RECOMMENDATION
Staff recommends that the Planning Commission recommend denial to the Municipal Council for a Rezone from MR-12 to MR-20, located at 1530 North 500 West, TIN #04-081-0016

Land use adjoining the subject property

Request
The request is to rezone a 3.4 acre portion of phase 4 of the previously permitted Bridgerland Meadows multi-family home project from MR-12 to MR-20. The area is approximately the western half of phase 4 directly adjacent to 500 West and 1530 North street.

Bridgerland Meadows Project
Phase 1 was approved in 2004 under the MFM zoning classification, with subsequent phases 2-4 being approved in 2006. The total project was approved with 286 townhome style dwelling units, a clubhouse and storage buildings. Phase 1 has 74 units on 7.29 acres, phase 2 has 43 units on 5.54 acres, phase 3 has 93 units on 7.62 acre and phase 4 has 76 units on 4.88 acres. Density was approved on an overall gross project basis, not phase by phase.

In October of 2011 the proponent applied to amend phase 3 so that the last two buildings in that phase would have 3 additional units. The three additional units were taken from phase 4, so that the overall density would not change. The areas of the overall project yet to be constructed, are the storage buildings in phase 2 and the remaining approximate 3.46 acres within phase 4.

Zoning History
The City of Logan adopted Zoning regulation in August of 1950. The zoning history of the area is the following:
<table>
<thead>
<tr>
<th>Year</th>
<th>Zone</th>
<th>Use/Structure Permitted</th>
</tr>
</thead>
<tbody>
<tr>
<td>1986</td>
<td>M1/AG</td>
<td>The area was split between these two zones that allowed manufacturing and agricultural related land uses.</td>
</tr>
<tr>
<td>2000</td>
<td>CG</td>
<td>Commercial General zoning allowed a range of commercial, retail, light manufacturing and office land uses.</td>
</tr>
<tr>
<td>2004</td>
<td>MFM</td>
<td>Multi-family residential land uses with a maximum density of 11 units per acre.</td>
</tr>
<tr>
<td>2011</td>
<td>MRM</td>
<td>Multi-family residential land uses with a maximum density of 11 units per acre.</td>
</tr>
<tr>
<td>2014</td>
<td>MR-12</td>
<td>Multi-family residential land uses with a maximum density of 12 units per acre.</td>
</tr>
</tbody>
</table>

**General Plan**
The Future Land Use Plan (FLUP) adopted in 2008 identifies this entire area Mixed Residential (MR). The General Plan describes MR areas as having a mix of housing types avoiding repetitious rows of the same house and having a density range between 15-30 units per acre.

**Land Development Code (LDC)**
The Land Development Code (LDC) has four different MR zoning designations (MR-9, MR-12, MR-20, and MR-30) that range in densities, heights, setbacks and structure types. The existing zone of MR-12 allows 12 units per acre, 10 foot front yard setbacks, 35 foot tall buildings and a lot coverage maximum of 40%. The proposed zone of MR-20 allows 20 units per acre, 10 foot front yard setbacks, 45 foot tall buildings and a lot coverage maximum of 60%.

**Summary & Recommendation**
After numerous public hearings, neighborhood meetings and workshops over the past several years in the Bridger Neighborhood, it has become increasing evident by both local neighborhood residents, the local school board and elected officials, that this area already has enough density and a disproportionate amount of multi-family projects as compared to the other neighborhoods within the city. The applicant willingly proposed and was approved to take 3 units from phase 4 in 2011 to build two new 6-plexs instead of the originally approved 4-plex and 5-plex. The applicant was never given any guarantee or entitlement to somehow re-gain these 3 units later on.

Even with the FLUP indicating the area as MR and the General Plan having a range of 15-30, the zoning ordinance has further defined the MR designations into 4 different classifications. The zoning map for this area has been reviewed and adopted twice in the last five years. Staff is recommending that the City deny this rezone request.

**PUBLIC COMMENTS**
Staff has received two (2) phone calls and one (1) written comment from the Logan City School Superintendent expressing opposition to the rezone request. The written comment is attached for review.

**AGENCY AND CITY DEPARTMENT COMMENTS**
City Departments and contacted agencies did not have any comments on the rezone at this time.
PUBLIC NOTIFICATIONS
Legal notice was published in the Herald Journal on 7/23/2015, and the Utah Public Meeting website on 7/27/2015. A Quarter Page Ad was published in The Herald Journal on 7/26/2015. A public notice was mailed to property owners with 300' of the project on 7/27/2015.

RECOMMENDED FINDINGS FOR DENIAL
The Planning Commission bases its decisions on the following findings:

1. The proposed rezone is not consistent with the original project approval and development project.
2. The proposed rezone would likely result in further frustration by neighborhood residents and school district employees about land use in the Bridger Neighborhood.
3. The zoning in this area has already been reviewed and adopted twice in the last 5 years to allow existing multi-family projects to be completed, but to not allow changes or new multi-family projects in the area.

This staff report is an analysis of the application based on adopted city documents, standard city development practices, and available information. The report is to be used to review and consider the merits of the application prior to and during the course of the Planning Commission meeting. Additional information may be revealed by participants at the Planning Commission meeting which may modify the staff report and become the Certificate of Decision. The Director of Community Development reserves the right to supplement the material in the report with additional information at the Planning Commission meeting.

Minutes of the meeting for the Logan City Planning Commission convened in regular session Thursday, August 13, 2015. Chairman Davis called the meeting to order at 5:30 p.m.

Planning Commissioners Present: Amanda Davis, Roylan Croshaw, Tom Jensen, Tony Nielson, Russ Price, Sara Sinclair

Planning Commissioners Absent: David Butterfield

Staff Present: Mike DeSimone, Russ Holley, Amber Reeder, Bill Young, Paul Taylor, Craig Humphreys, Kymber Housley, Debbie Zilles

The oath of office was given to new Planning Commissioner Tony Nielson by City Recorder, Teresa Harris.

Minutes as written and recorded from the July 23, 2015 meeting were reviewed. Commissioner Price moved that the minutes be approved as submitted. Commissioner Sinclair seconded the motion. The motion was unanimously approved.

PUBLIC HEARING

PC 15-038 Bridgerland Meadows Zone Change Don Barringer, authorized agent/owner, requests a rezone of 3.46 acres (a portion of Phase IV) from MR-12 to MR-20 located at 1530 North 500 West.

STAFF: Mr. Holley reviewed the request to rezone a 3.4 acre portion of phase 4 of the previously permitted Bridgerland Meadows multi-family home project from MR-12 to MR-20. The area is approximately the western half of phase 4 directly adjacent to 500 West and 1530 North.

Phase 1 was approved in 2004 under the MFM zoning classification, with subsequent phases 2-4 approved in 2006. The total project was approved with 286 townhome-style dwelling units, a clubhouse and storage buildings. Phase 1 has 74 units on 7.29 acres, phase 2 has 43 units on 5.54 acres, phase 3 has 93 units on 7.62 acres and phase 4 has 76 units on 4.88 acres. Density was approved on an overall gross project basis, not phase by phase.

In October of 2011 the proponent applied to amend phase 3 so that the last two buildings in that phase would have three (3) additional units. The additional units were taken from phase 4, so that the overall density would not change. The areas of the overall project yet to be constructed are the storage buildings in phase 2 and the remaining approximate 3.46 acres within phase 4.

After numerous public hearings, neighborhood meetings and workshops over the past several years in the Bridger Neighborhood, it has become increasing evident that this area already has enough density and a disproportionate amount of multi-family projects as compared to the other neighborhoods.
The applicant willingly proposed and was approved to take three (3) units from phase 4 in 2011 to build two new 6-plexs instead of the originally approved 4-plex and 5-plex. The applicant was never given any guarantee or entitlement to somehow regain these 3 units later on.

The Future Land Use Plan (FLUP) indicates the area as MR having a range of 15-30; the zoning ordinance has further defined the MR designations into four different classifications. The zoning map for this area has been reviewed and adopted twice in the last five years. Staff recommends denial of this rezone request.

PROONENT: Don Barringer, owner of the development, explained that they have been working on this project since 2004. It was originally approved for 286 units on 26 acres with approximately 4 acres of open space/park area in the middle of the development. Coming out of the recession in 2011, the decision to build a smaller unit to be more affordable and marketable was made. Staff was asked if it would be feasible to build a smaller unit during phase 3 while still maintaining the overall number of units. At that time, the City had a density bonus program and the developer was told that those units would be given back during phase 4. When phase 4 was started, Mr. Barringer was told that there was no longer a density bonus program. He explained that this zone change request is confusing because it states that MR-20 is being requested on 3.46 and that is not what they are trying to accomplish, the goal is to build two 6-plex units instead of two 4-plex units on the north end of the property.

Kris Kvarfordt, Cache-Landmark Engineering, clarified that the original density worked out to be 11 units/acre (which is lower than the current MR-12 zone). Based on the current zone, there could be a maximum of 312 units; however, the request is only for a total of 293. Requesting this zone change is the only mechanism in which to get back the additional units. A design review packet was submitted at the same time as the zone change application to emphasize that the intent is for only the additional units; the proponent would even be willing to enter into a development agreement if necessary.

PUBLIC: Emails from Todd Grant, Dean Quayle and Frank Schofield, the Superintendent of the Logan City School District, regarding opposition to the zone change were received and distributed to the Commission prior to the meeting.

COMMISSION: Mr. Holley pointed out that consideration at this meeting is only for the rezone of 3.4 acres. Any change in building and/or layout would be addressed during the design review process.

Mr. Barringer confirmed for Commissioner Croshaw that the units are sold, although some may be turned in rentals, the goal is for private ownership.

Commissioner Jensen asked about the difference in the number of units allowed if the zone was changed from MR-12 to MR-20. Mr. Holley said it could be approximately 20 additional units on the 3.4 acre portion at maximum density. The applicant has only asked for 6 additional units.

The Commission reviewed the current zoning of the area.

Commissioner Jensen pointed out that although the additional units would not be a huge concern, that area has been very vocal about over-density and changing the zone would not send the right message. He did note his appreciation for the open space considerations in the design.

Although the project as a whole is under the allowable density, Commissioner Croshaw agreed with Commissioner Jensen’s concerns.
Mr. Housley answered for Commissioner Jensen that because this is a separate parcel, the only way to obtain the additional units would be through a zone change.

**MOTION:** Commissioner Sinclair moved to forward a recommendation for denial to the Municipal Council for a zone change as outlined in PC 15-038 with the findings as listed below. Commissioner Price seconded the motion.

**FINDINGS FOR DENIAL**

1. The rezone is not consistent with the original project approval and development project.
2. The rezone would likely result in further frustration by neighborhood residents and school district employees about land use in the Bridger Neighborhood.
3. The zoning in this area has already been reviewed and adopted twice in the last 5 years to allow existing multi-family projects to be completed, but to not allow changes or new multi-family projects in the area.

Subject: Re: Project Review for Aug 27 Planning Commission items
To: Debbie Zilles <debbie.zilles@loganutah.org>

Debbie,

The Logan City School District is concerned about the continued building of multi-family dwellings in the Logan. Our preference would be to focus on building single family homes.

Frank Schofield
Superintendent, Logan City School District

To: "russ.holley@loganutah.org" <russ.holley@loganutah.org>

to mr-20. I own one of the town homes there. Thanks Todd Grant. I can be reached at 801-787-7235 or toddgrant1959@gmail.com. Pass this on to the city council
The Logan City Planning Commission will hold a public hearing to receive input on the following:

**PC 15-037 LDC Amendment – 17.15 & 17.19 Minimum Side Setbacks** Logan City requests amendment to the Land Development Code sections 17.15 & 17.19 to adjust the minimum side yard setback in the Mixed Residential (MR), Campus Residential (CR), Commercial (COM), Commercial Services (CS), Industrial Park (IP) and Airport (AP) zones to allow for common wall construction.

**PC 15-038 Bridgerland Meadows Zone Change** Don Barringer, authorized agent/owner, requests a rezone of 3.46 acres (a portion of Phase IV) from MR-12 to MR-20 located at 1530 North 500 West.

**PC 15-039 Whispering Oaks Zone Change** Joshua Wiscombe/Jensen, Raymond & Judy Z Trust, authorized agent/owner, request a zone change from Resource Conservation (RC) to Mixed Use (MU) on 1.10 acres located at 2250 S Hwy 89/91.

**PC 15-040 LDC Amendment – 17.40 Temp Signs** Logan City requests amendment to the Land Development Code section 17.40 to clarify temporary signs.

The Municipal Council is tentatively scheduled to hold a workshop on these items on **Tuesday, Sept 1, 2015** and a public hearing on **Tuesday, Sept 15, 2015**. Both meetings will be held in the Logan City Municipal Council Chambers at 290 North 100 West at 5:30 pm. Contact the Department of Community Development at 716-9021 or [www.loganutah.org](http://www.loganutah.org) for more information.
